Modeled on the well-known Intercoiffure America Canada (ICA) Nouveau program—which recognizes outstanding looks created by stylists in the first five years of their career—the ICA Student program recognizes outstanding beauty school students and their instructors.

All finalists' entries will be shared onscreen at the ICA Fall Atelier and featured on the ICA and Pivot Point websites, and the top student honoree and their instructor will both be brought to New York City (all expenses paid) and honored onstage at the ICA Fall Atelier (October 3 - 6)!

Students create a short video (under 30 seconds) answering "As a future professional, what makes the texture hair category exciting to you?" There are no wrong answers. Videos should be submitted by June 15 using the link below.
